

Together we Build for Change®!

Instructor-led training (ILT)

Sharpen your company's competitive edge and jumpstart your career with modern blended learning.

Pega's dynamic curriculum empowers the workforce of the future on our cutting-edge software. Find lucrative opportunities with Pega clients and partners.

Available virtual and in-person, **engaging and interactive** lessons include hands-on exercises with content review to **ensure maximum retention**. ILT provides all the tools necessary to **pass the certification exam** AND be Day One ready.

Why Pega?

Pega's low-code platform for AI-powered decisioning and workflow automation builds agility into enterprise organizations – so they can work smarter, unify experiences, and adapt instantly.
